Madalina Chirpicinic

Software Engineer

Full-Stack Software Engineer with 2+ years of experience and a proven ability to deliver high-quality, scalable code through strong collaboration and deep understanding of concepts, has a passion for solving complex problems and continuous learning.

Experience

Software Developer

jan 2025 – june 2025

Admin Tools | Chisinau, Moldova

Developed an AI-powered cloud management platform that helps businesses optimize their cloud infrastructure. Designed and built full-stack features with strong UX, designed scalable API's and schemas, and integrated automation tools, showcasing responsibility and continuous learning.

Technical Environment: Next.js, Typescript, PostgreSQL, Drizzle ORM, tRPC, Tailwind CSS, ShadCN, Clerk, Stripe, Supabase, Vercel.

Software Engineer

aug 2024 – dec 2024

nowtec solutions AG | Chisinau, Moldova

Designed and implemented scalable software solutions using modern technologies to enhance performance and UX. Collaborated on feature development, resolved technical challenges, and delivered high-quality, maintainable code.

Technical Environment: Next.js, Typescript, Strapi, Tailwind CSS, Ant Design, Stripe.

Frontend Developer

may 2023 – july 2024

HelpShelter | Chisinau, Moldova

Engineered a responsive frontend for an animal shelter platform from predefined Figma designs, demonstrating great attention to detail and collaborating with a team of 4 to integrate backend functionality and ensure high-performance design and strong UX.

Technical Environment: Vue.js, JavaScript, HTML/CSS, Tailwind CSS, REST API, Axios, Redux.
